

MTV's "MADE"

MTV's 2 time *Emmy* award winning series "MADE" is all about making dreams come true. We want to demonstrate that with hard work (and a little help from MTV) any goal is attainable.

There are numerous kids out there with unlimited potential. However, in their eyes, intimidating obstacles exist that keep them from pursuing their dreams. Perhaps they're painfully shy or fall short on self-confidence. Maybe they don't think they're cool enough or lack the right look. Perhaps they've been told that they lack the skills; and then there's plain old fear.

We seek out the kids who are eager to overcome those obstacles! These kids want to be MADE.

Once MTV finds our "subjects," we allow for at least one month of intensive training towards achieving their goals. This includes providing a mentor or life coach who will support them and plot out personalized training schedules. Such training could consist of counseling on confidence or attitude, personal training sessions, or specialized lessons in whatever task they're trying to achieve.

Whether they succeed at their goal or not, we strive to give these kids a chance at a dream. Ideally, they learn valuable traits and lessons about themselves and others along the way. They ultimately realize that it takes hard work, persistence, and commitment to make one's dreams come true.

MADE is all about making dreams come true. We want to prove that with hard work, and a little help from MTV, you can achieve your goals.

We are looking for your specific, individual goal or aspiration that is attainable in the next 5 months!!!!!! We are not looking for a vague goal, like "I want to be a star" or "I want to be like Fergie". We are also not looking for VJs or people trying to be "famous".

Your goal should be something that you can attain *with the help of our experts* during the next 5 months. If your goal takes years and years of training, we can't help you out this time, sorry!

Please share your story and dream with us! Answer the following questions the best that you can.

(Remember...we are looking for something original and something that you are passionate about. We are also looking for someone who has taken the time to read all of the above...so take a moment before you write. You can answer with one sentence if you like.)

- 1) What is your goal? Describe why you want to accomplish this goal. (Have you ever tried to reach this goal before? What steps have you taken to reach this goal in the past, if any?)

- 2) How long do you think it will take you to reach your goal?

- 3) If there are tryouts for this goal, when are they?

- 4) Why do you need MTV's help? Why can't you accomplish the goal on your own?

- 5) How do other people at your school view you? What clique or group do you belong to?

- 6) What are your other interests and hobbies?

- 7) How would achieving this goal change your life?
